

G.O.P. RECORD WILL BE TOLD BY ROOSEVELT

Assistant Secretary of Navy
To Speak in Coliseum To-
night at 8 O'clock—Com-
ing Here From Cincinnati.

DOORS OPEN AT SEVEN

Theodore Roosevelt, assistant secretary of the navy will be the guest of the Wayne county Republican central committee Monday evening, and will speak at the Coliseum at 8 o'clock sharp. Doors of the Coliseum will be open at 7 o'clock.

Paul Comstock, chairman of the Wayne county Republican organization left early Monday for Cincinnati, where he will meet the cabinet member and escort him to this city. Plans had been made to meet Mr. Roosevelt at Muncie but a change in his itinerary was announced at the last minute.

Legion Band To Play

Mr. Roosevelt is expected to arrive in Richmond about 6 o'clock Monday evening, and after a short period of rest will go to the Coliseum. Music will be furnished by the American Legion band during the time the audience is entering the building.

Dr. E. R. Churchill and Major Paul Comstock, members of the reception committee, were to meet Mr. Roosevelt in Cincinnati and bring him to this city. Major Comstock will act as chairman of the meeting.

Will Discuss Record. Achievements of the present administration economies effected by President Harding and the budget system introduced by Charles G. Dawes, increased efficiency in the government system and other matters of interest to the taxpayers were points which, it is expected, Mr. Roosevelt will deal with in his speech Monday evening. This is the last of a series of addresses made by him in Richmond.

GOVERNMENT TO ISSUE \$500,000,000 BONDS

(By Associated Press)
WASHINGTON, Oct. 9.—In order to place refunding operations for the short dated debt partly on a longer term basis Secretary Mellon is offering for subscription an issue, payable \$500,000,000 of four and one-quarter percent 30-year treasury bonds—the first government bond issue since the fourth Liberty loan issue of the last month before the armistice.

The new issue, as announced last night, will be dated Oct. 16, 1922, bearing interest from that date, payable April 15 and Oct. 15 on a semi-annual basis. Although the date of maturity is Oct. 15, 1952, the bonds may be redeemed at the government's option after Oct. 15, 1947. Besides bearer bonds, with interest coupons attached, in denominations of \$100, \$500, \$1,000, \$5,000 and \$10,000, the issue will comprise registered bonds in denominations of from \$100 to \$50,000, although applications for any amount in excess of \$10,000 will be received subject to allotment. All will carry the usual tax exemption provisions. To the extent that Victory notes or treasury certificates of the series maturing Dec. 15, 1922, are tendered in payment, Secretary Mellon reserved the right to allot additional bonds above the amount of \$500,000,000.

NEW YORK AUTOIST JUST ESCAPES DEATH

A New York tourist narrowly escaped death Sunday night when his car was struck by another, knocking it onto the interurban tracks, where it was again struck a minute later by a limited interurban car.

Mr. Curry, the driver of the New York car, had broken a front wheel of the car as he neared Centerville on the National Road, enroute to St. Louis. Waiting for a replacement wheel to be brought from Richmond, he parked his roadster near the interurban tracks and crawled into the seat to take a nap.

A car driven by Thomas Terry, 810 North Tenth street, and carrying a load of passengers, crashed into the parked car shortly afterwards, and threw it on the interurban tracks. Awakened by the collision, Mr. Curry got out of the seat just in time to escape the second crash, when the interurban struck the auto. The other three wheels were torn off, chassis bent and body damaged. The car was junked.

British Believe Liquor Ships Will Not Cause Trouble

(By Associated Press)
LONDON, Oct. 9.—Prohibition of liquor on vessels within American waters will give rise to no international complications, according to the view expressed by the British foreign office officials today. The government's view, according to these authorities, is that the matter is one in which the United States has a perfect right to take any action it sees fit.

Executive Board Of Mine Workers Open Meeting

(By Associated Press)
INDIANAPOLIS, Oct. 9.—The executive board of the United Mine Workers of America assembled this afternoon for the first meeting since last March. The opening session was to have been held this morning, but was postponed until this afternoon, awaiting the arrival of President John L. Lewis, who was delayed by a late train.

Storm Breaks About Dry Chiefs' Heads; Officials Resigning

(By United Press)

WASHINGTON, Oct. 9.—A new storm broke today about the heads of D. H. Blair, internal revenue commissioner and Roy Haynes, federal prohibition enforcer, both of whom have in recent months been storm centers over the manner in which the Volstead law has been enforced.

The latest tempest grew out of conditions in the New York enforcement offices, whose head, Ralph A. Day, last week announced his retirement to private life on Nov. 1. Day's announcement came within 24 hours of the suspension of six of his aides, pending investigation of their conduct.

Resignation of Blair and Haynes has been demanded of Secretary of the Treasury Mellon by H. L. Scaife, counsel for the Women's Clean Government organization.

LABOR HEADS BLAME PROPAGANDA OF OPEN SHOP FOR TROUBLE

(By United Press)

CANTON, Ohio, Oct. 9.—Labor disturbances in Ohio during the last year were laid at the door of open shop propaganda here today.

Labor leaders at the opening of the thirty-ninth annual convention of the Ohio State Federation of Labor declared the challenge of the open shop has been met.

"Open shop propaganda resulted in more labor disturbances in Ohio and the nation during the last year than at any other time in the history of the trades union movement," President John Moore asserted.

Moore declared tactics of the open shop campaigners have solidified the ranks of union labor.

"Now open shop advocates are attempting to convince people that trades unions are illegal and un-American and have already been successful in convincing one federal judge that such is the case," Moore said.

A resolution condemning Judge Wilkerson for granting the rail injunction is to be presented to the convention.

Another resolution to come before the convention approved the proposed beer and light wine amendment to the state constitution.

Other legislation to be urged by the convention includes changes in the workmen's compensation awards, more adequate laws to safeguard workers in certain trades and widening the occupational disease law so that compensation will be paid for certain diseases not covered in the change obtained two years ago.

BURY SEVEN KILLED AT RAILROAD CROSSING

(By United Press)

CHICAGO, Oct. 9.—Funeral services were held today for Mrs. Harriet Hargot and her six children, who were killed yesterday when a Pennsylvania railroad express train crashed into an automobile in which they were riding near Valparaiso, Ind.

The accident occurred while the Hargot family was moving from Chicago to a farm near Plymouth, Ind.

Killed were: Mrs. Hargot; Raymond, 12; Irene, 10; Richard and Suzanne, twins, 8; Marguerite, 3, and Edmund, 18 months.

Rene Hargot and his son, Rene, Jr., 14 narrowly escaped.

Hargot had patched up an old automobile in which the family were riding to their new home. The car ran perfectly until they reached the grade crossing, when the engine stalled.

Hargot and his son, Rene, jumped out and tried desperately to push it off the tracks as the train bore down upon them.

MEMBERS OF HOUSE NOT "CONGRESSMEN"

(By Associated Press)

WASHINGTON, Oct. 9.—Any high school student standing on his constitutional rights, is reminded that the next time Rep. McVoon Googley, of the 753rd district of Delaware, for example, is introduced by the teacher at the Friday night speaking service—which precedes the refreshments—as Congressman McVoon Googley, he may rise and declare there is no such dignity.

Digging through the musty records, William Tyler Page, clerk of the house of representatives, has found—and printed in a little handbook—that there is no official sanction for the title. The constitution, says Mr. Page, sanctions the use of the words "representative" and "members" as designating those persons composing the house.

But, like other words which have crept into use since Noah Webster's day, congressman takes its place, and the average representative, over the telephone or to your face—if you don't know him—will say is Congressman So and So. Some cabinet officers at house committee hearings who don't happen to know the representatives by name meet the occasion by saying "congressman." The easier method around the house these days, if a man wants to keep within the constitution, is to address a member as "judge."

REGISTRATION BOOTHS TO BE OPEN TONIGHT

Final Day Finds Wayne Voters Slow in Assuring Privilege of Voting—Expect Increase Later.

90 PER CENT TOTAL

BOOTHS OPEN TONIGHT
"Don't forget or neglect to register" was the message sent out broadcast from the headquarters of the Democratic and Republican county organizations in Wayne county Monday. Booths for registration are to be open until 9 o'clock Monday evening.

Apathy on the part of the voting public in so far as registration is concerned was the outstanding feature of the final registration conducted in precinct booths throughout the city and the county Monday. Up to noon Monday, the largest number registering in any one precinct was nine, and from this the number ranged on down to two.

Heavier registration was expected in the factory districts as the end of the day approached. Despite this fact, however, the maximum registration for the city and county will not be over 90 per cent, judging from figures compiled Monday.

One hundred and twenty-five persons registered out of a possible 300 in the seventeenth precinct, with seven registering Monday; 123 out of a possible 289 in the thirteenth precinct, which is in the heart of the downtown district, were figures which indicated the trend of the work early in the day.

Every citizen who expects to vote at all in the coming election must be registered in his home precinct this year. Registrations made prior to this year do not count. Booths will remain open until 9 o'clock Monday evening. After that time the registration blanks will be turned in to the county auditor, and citizens who have neglected to register will be without the right to vote in the November election.

Register at Stores
Approximately 50 per cent of the voters in the twenty-fourth precinct were registered at noon Monday. Of the 500 or more in the precinct, 276 had been put on the poll books at that time. Only eight had registered during the forenoon, however. The remainder had registered on the first registration day or had filled out the blanks at some of the other registration booths in the city.

Outlying Districts
Estimates of 66 per cent registration and 100 per cent registration were sent in by Cambridge City and Hagerstown citizens who had been watching the work there.

Practically every person eligible to vote had registered at Hagerstown, it was stated, while at Cambridge City persons working at the booth said their nearest estimate was 66 per cent of the total number of votes in the precinct.

Reed Smoot Tells Mormon Conference Mrs. Harding Was Saved By Prayers

(By Associated Press)

SALT LAKE CITY, Utah, Oct. 9.—Reed Smoot, United States senator for Utah and member of the quorum of the 12 Apostles of the Mormon church, told the ninety-third general conference of members of the faith yesterday that God heard and answered the prayers of the people for Mrs. Harding during her recent illness.

Mr. Smoot also referred to the time 20 years ago when charges of disloyalty were brought against him and declared he then was supported and strengthened by an appeal to God.

Senator Smoot told of visiting the White House four weeks ago when Mrs. Harding's condition was regarded as critical.

"I told the president," said the senator, "that from home tonight my earnest prayers were going up for Mrs. Harding's recovery. Millions were praying for her and shortly before midnight word came from the physicians at the bedside that the tide had turned and the proposed operation would not be necessary. God had heard and answered the prayers of the people."

Speakers at the conference made it plain that members of the Mormon church should exercise their elective franchise to place in office at the November elections those men who stood for rigid enforcement of the laws upon the statute books of the nation and state, including the prohibition law in all its provisions and the state anti-cigarette law.

The conference concluded by the sustaining of the incumbent authorities of the church.

Bonnell Company Files Articles Of Incorporation

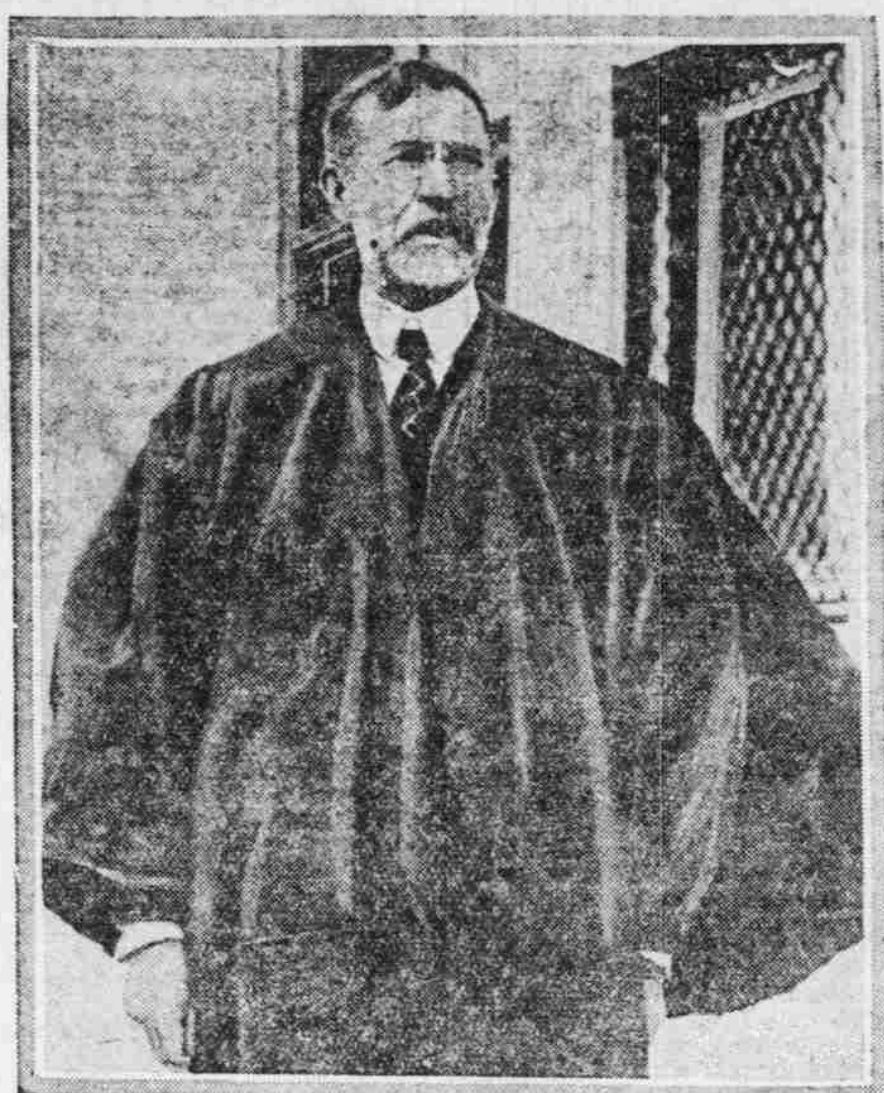

(By Associated Press)

INDIANAPOLIS, Oct. 9.—Articles of incorporation were filed today with the secretary of state by the Bonnell company, of Evansville, which is to engage on wholesale and retail selling of automobiles, accessories and wagon parts. The capital stock is \$15,000.

Robbers Take \$50 From Cook's Mill At Middleboro

Approximately \$50 was taken from the Cook mill at Middleboro Saturday night by robbers, according to a report made by Mr. Cook. The robbers gained entrance through a window. No report has been made to the police or sheriff.

New Justice of the United States Supreme Court

Justice George H. Sutherland of Utah has taken the place of Justice Clarke of Ohio, as member of the supreme court of the United States.

KEMALIST FORCES WITHIN DAY'S MARCH OF CONSTANTINOPLE; BRITISH STOP FERRY

PARIS, Oct. 9.—Ferry traffic across the straits of the Bosphorus to Constantinople, was stopped by the British today when the Kemalists took up positions within a day's march of the city, according to word received here from Constantinople.

MUDANIA, Oct. 9.—Kemalist legions were within a day's march of Constantinople as allied generals met with Ismet Pasha in a renewed effort to untangle the Near Eastern problem today.

In spite of the promise of Ismet, Turkish nationalist representative, to cease concentration of troops in the neutral zone, Kemalists surged into the forbidden area.

Turkish cavalry have reached Shile and Yarmise, both places far within the neutral zone along the Bosphorus at the right of the Sea of Marmora.

Cavalry is near Constantinople. The cavalry is also near Karayakobi, which is in the same area.

The concentration in the neutral zone on the west of the sea of Marmora in the vicinity of Chanak is also continuing. In this area infantry have replaced cavalry which is taken to mean that the Turks intend to dig in to hold their possessions.

The latest allied plan of peace, which includes the immediate withdrawal of the Greeks from Thrace and the occupation of that territory by the allies for a period of one month, after which a Turkish civil administration may be set up, was presented to Ismet by the military representatives of Great Britain, France and Italy.

The situation was somewhat relieved when the Greek cabinet instructed the Greek representative to inform the allies that the government would order its nationals out of Thrace. The Greeks, however, ask for two months instead of one to evacuate.

A special committee to raise the fund headed by former Postmaster General Hays was announced by the president yesterday, following a conference between Mr. Hays and officials of the two organizations at the White House Saturday, at which it was agreed they would co-operate in the relief work. Officials of various other organizations interested in relief activities in the near east are included in the committee.

The president in his statement said "A recognized and most appealing emergency exists in the near east," and that it was a "manifest duty" that the two organizations, as the "logical instrumentality through which this relief may be extended" should take care of the situation.

In planning at once to augment relief work already undertaken, he said, they would proceed "on the assumption that the heart of the American people will respond generously in enabling these agencies of relief to meet the crying emergency." A special appeal for funds the president's announcement said, would be made during the roll call of the American Red Cross in November.

Weather Forecast

FOR RICHMOND AND VICINITY
By W. E. Moore
Rain and continued cold tonight; Tuesday partly cloudy to fair.

A storm center over the southern states will cause unsettled weather to night and occasional rains followed by clearing weather by Tuesday or Tuesday night, with slowly rising temperature Tuesday.

Temperature Yesterday at Pumping Station
Maximum 55
Minimum 50
Today
Noon 55
Weather Conditions — The general storm which caused the rain Friday night and Saturday night is over the eastern states and another covers the southern states. It is generally fair throughout the northwest except for rain on the north Pacific coast. A cool wave covers all the north and central states and portions of the southern states although it is moderating in the northwest.

For Indiana, by the United States Weather Bureau — Cloudy tonight; rain east and south portions Tuesday; probably fair and slightly warmer.

Hayes, 19 Year Old Youth, Is Accused Of Double Slaying

NEW BRUNSWICK, N. J., Oct. 9.—Clifford Hayes, 19 year old admirer of Pearl Bahmer, who found the bodies of the Rev. Edward Wheeler Hall and Mrs. Eleanor Reinhard Mills, choir singer, was arrested today and formally charged with first degree murder for the slaying.

Raymond Schneider, who was with the Bahmer girl, when the bodies were found, was held as a material witness. Prosecutors Beekman and Stricker, of Middlesex and Somerset counties, say Schneider signed a 300 word statement accusing Hayes of the crime.

According to Schneider's statement, the double slaying was the result of mistaken identity. He had gone out with Hayes on the night of the murders, he said, trailing a man who accompanied the Bahmer girl. Seeing a couple beneath a crabapple tree, he said, Hayes opened fire. Formal announcement of the arrest was made at 11:45 o'clock by Prosecutor Stricker.

Discover Bodies
Schneider previously had told the authorities that he and Pearl Bahmer, a 15 year old member of the Sunday school at Dr. Hall's church, were near the Phillips house the evening of the murders. They returned to the scene the next morning when they discovered the bodies of the slain pair, and notified the authorities.

Both denied seeing a pistol or other weapon near the bodies. After leaving Pearl early that evening Schneider told investigators he met Hayes and Leonard Kaufman and the three spent some time in the vicinity of the Phillips property.

Search Home
While authorities were examining Hayes at the court house here, detectives visited his home and searched it thoroughly. No announcement was made as to what was found or even what the detectives were seeking. Kaufman was said to have told officials that Hayes possessed a pistol similar to the one with which the double slaying was committed.

Hayes, 19 years old and recently was honorably discharged from the navy. Schneider, who is somewhat older, is an electrician.

E. J. Hayes, father of Clifford, appeared at the court house this morning and demanded to see his son and to know why he was detained. The officials refused to allow him to see him, and declined to state why he was being questioned.

The city was stirred when it was reported that arrests had been made, but officials connected with the case refused to confirm or deny the report.

GIVE MASSACHUSETTS PERMISSION TO TEST U. S. MATERNITY LAW

(By Associated Press)

WASHINGTON, Oct. 9.—Massachusetts' requests for permission to test the constitutionality of the federal maternity law was granted today by the United States supreme court and the process ordered returned on Jan. 2, 1923.

Massachusetts attacked the law on the ground that it "usurped" authority belonging to the state and established a system of government "whereby certain governmental functions are performed by co-operation between the federal government and the state."

To accomplish the encroachment upon state rights the federal government, Massachusetts asserted, offered to make available an appropriation condition upon expenditures by the different states and their co-operation in giving effect to the law.

200 MEN ARE TRIED FOR INCITING RIOT

WILLSBURG, W. Va., Oct. 9.—Trial of 200 men charged with murder and inciting a riot at Cliftonville July 17 when Sheriff H. H. Duval and seven union miners were slain began in Brooke county circuit court today.

Many of the indicted men will ask for separate trials, according to John D. Gardner, Steubenville, counsel for the United mine workers of America. This Gardner said, will make the trials last over a period of several weeks.

It was intimated today that the miners probably will ask a change of venue which will be strenuously opposed by prosecutor W. S. Wilkin, of Brooke county.

Out of the 216 indictments in connection with the massacre, all except 50 of the defendants are held in Brooke and Ohio county jails.

Seventy-eight men are held without bond for first degree murder. The indictments resulted from a riot when a small force of deputies headed by Sheriff Duval were attacked by hundreds of miners, who were said to have marched down from a Pennsylvania mining camp.

The attacking party set fire to mining property, shot Duval through the head and killed seven mine workers. It was learned today that several of the indicted men have turned state's evidence and have confessed to the march and mine attack in every detail.

Begin Investigating Death Of Porter County Man

VALPARAISO, Ind., Oct. 9.—The Porter county coroner today started investigating the death of Zack Williams, 30 years old, who was shot and killed instantly by Patrolman Jerome Frakes. Williams, a federal board student at Valparaiso university, was patrolling the streets with a shotgun threatening persons with death. Persons whom he threatened said he was drunk. Frakes and another policeman drove toward him in an automobile. Williams fired at them and wounded both. Frakes shot once and struck Williams in the leg. Williams raised his gun as if to fire again. Another shot from Frakes' revolver pierced a jugular vein in Williams' neck.

ALLIES RENEW PARLEY WITH TURK ENVOY

Harington, British Commander, is Assured There Will Be No Further Advance in Neutral Zone.

INVASION DISQUIETING

(By Associated Press)

MUDANIA, Oct. 9.—The allied generals here for attendance on the armistice conference spent this morning conferring with the Greek delegates.

The conference with Ismet Pasha, the Turkish nationalist representative was scheduled to be resumed at 3 o'clock this afternoon. The delegates met informally last night, postponing formal discussion until this afternoon.

Gen. Harington, the British commander, in chief, received in writing an assurance from Ismet Pasha that there would be no further advance by the Nationalists in the neutral zone.

PARIS, Oct. 9.—Strong hopes were entertained in French circles today that the Mudania conference would meet a complete agreement and a protocol for the armistice to be signed before the day was over. The hitch in yesterday's proceedings at Mudania is attributed here to the probability that Gen. Harington had then only received a part of the new instructions drafted under the agreement reached Saturday by Lord Curzon, British foreign secretary, and Premier Poincare.

(By Associated Press)

LONDON, Oct. 9.—The British cabinet met today to consider the detailed report of Marquis Curzon, foreign secretary, on his conference in Paris with Premier Poincare at which the position of the allies on the Turkish question was again consolidated. The Mudania conference is being resumed under the new instructions framed at the Paris meeting, which were approved by the cabinet changes by the cabinet Saturday night and forwarded to Brigadier General Harington. The delegates were instructed to insist upon fixation of the number of Turkish gendarmes to be allowed in Thrace, withdrawal of all Turkish troops from the neutral zones, and delay in the occupation of Thrace by the Turkish army until after the signing of a peace treaty.

It was understood the allied generals would meet Ismet Pasha last night upon their return from Constantinople to Mudania, which, according to latest dispatches, they reached at 10 p. m. The result of the meeting, if one was held, had not been received here early this morning. With the allies in agreement, however, everything seemed to rest with Ismet Pasha.

Situation Disquieting
Meanwhile the situation created by the Turkish invasion of the Ismid neutral zone continues disquieting. Only one of the invaders having returned across the line according to the latest advices. Reports from two sources say an entire division entered the neutral zone.

General Harington is reported to have warned Ismet Pasha that unless the Kemalists withdrew he may be obliged to make a military demonstration on the Turkish flanks. The Kemalists agent said to have promised that the advance shall cease, and that the incident will not be repeated.

As a measure of protection for Constantinople, General Harington ordered suspension of ferry service across the Bosphorus and the Sea of Marmora. There are said to be 12,500 Christians now in the Ismid zone outside the British lines, while many thousands more are within the lines, having been removed to a camp at Modra, directly across from Constantinople.

Army Stand Uncertain
Although the Greek government has accepted the inevitable, acquiescing in the evacuation of eastern Thrace, reports from Athens and Thrace indicate uncertainty regarding the attitude of a section of the army.

It is said there may be a refusal by a considerable part of the Greek forces to obey the evacuation order, thus involving dangerous complications. The Greek commanders who were sent to Thrace before the evacuation were accepted by the British as a gesture of goodwill. Mohammed VI and the victorious Nationalists, and an emissary is being sent from Constantinople to inform the Ankara government that the Sultan is prepared to recognize the legitimacy of the National assembly.

4 DIE IN ACCIDENTS;
PROBE IS CONDUCTED

(By United Press)

CLEVELAND, Oct. 9.—State, county and city officials today were investigating the two inter-urban car crashes and auto accidents that brought death of four persons and injury to 38 others over the week end.

In a collision between an A. B. & C. Limited and local Saturday night, 13 persons were injured, one dying. Six were injured Sunday when two Cleveland, Painesville and Eastern Traction company cars collided.

Three were killed in auto accidents and eight others injured. The dead:—Ross Young, Cuyahoga Falls, motorman injured in A. B. & C. wreck.

Dorothy M'Goey, 23 killed near Akron when auto skidded. Mrs. V. S. Rhoades, 25, killed near Lorain when car skidded. Catherine Grady, 13, struck by auto, on way to church.
